

SMARTTECH
CNC Machinery & Tooling System

High Quality Sheet Metal Bending Machines

Hydraulic and Servo Press Brake Machines

DENER
MACHINERY

SMART TECH INDUSTRY
CNC Machinery & tooling system

SERVO ELECTRIC

Press Brake Machine

Servo Electric Press Brake provides energy saving up to 50%

Servo Electric Press Brake is faster up to 30%

Servo Electric Press Brake is eco-friendly machine

Servo Electric Press Brake provides high productivity

Servo Electric Press Brake provides advanced bending

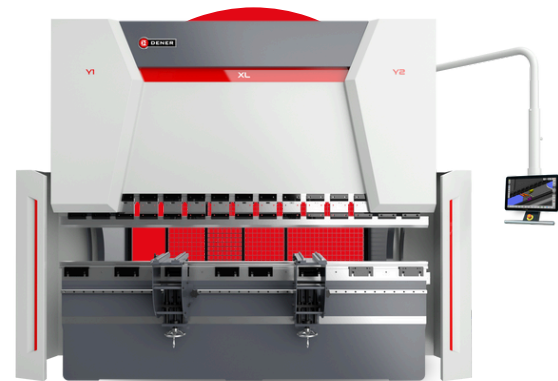

Servo Electric Press Brake works quietly

SMART XL

Hydraulic Press Brake Machine

PUMA XL

Hydraulic Press Brake Machine

- High precision bending results.
- Stress relief applied and solid frame.
- Deeper throat depth, higher stroke and longer daylight.
- New design stronger and faster, with less operation noise.
- Faster change and alignment of tooling.
- Less production costs.
- Components from reliable and recognized brands around the world.
- Ease of maintenance and repair.

- High precision bending results.

- Components from reliable and recognized brands around the world.
- Ease of maintenance and repair.

BALL SCREW

Press Brake Machine

Energy saving up to 50 %

High speed bending produces more parts per hour

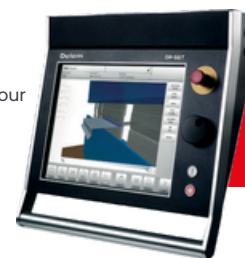

Low maintenance cost

High accuracy positioning and repeatability

Light and compact design

CONTROLLERS

DELEM DA-66T

- 2D graphical touch screen programming mode
- 3D visualisation in simulation and production
- 17" high resolution colour TFT
- Full Windows application suite
- Delem modusys compatibility
- USB, peripheral interfacing
- User specific application support with in the controllers
- Multitasking environment
- Sensor bending & correction interface

CONTROLLERS

ESA S 685 W CONTROLLER

- 3D and 2D graphics touch screen programming mode
- 3D and 2D imaging in simulation and production
- 21" high resolution colour touch screen
- Full-featured Windows application
- ESA offline software
- USB flash memory drive
- Hard disk for more than 1.000.000 part programs
- 2D and 3D automatic bending sequence calculation
- Graphical product and tool selection

Compny Profile

short view

SMART TECH INDUSTRY is a leading provider specializing in industrial solutions, offering a wide range of cutting-edge offerings in machine tools, metal processing, sheet metal fabrication, CAD/CAM software, and other advanced industrial equipment.

Our mission is to deliver high-quality turnkey technological solutions, with a focus on precise process selection, technological innovation, equipment reliability, and top-notch pre- and post-sales customer service.

SMARTTECH INDUSTRY

Explore our showroom to discover our latest innovations and cutting-edge metal transformation technologies at SMART TECH INDUSTRY. Designed to offer an immersive experience, our showroom allows you to witness our advanced machines in action and engage in insightful discussions with our team of experts. Pay us a visit and immerse yourself in the world of Smart Tech Industry, where quality solutions and technological excellence converge to meet your industrial needs.
