

# CNC Turret Punch Press

A CNC turret punching machine that converts your workshop into one with the highest productivity

## STI-ER300

Latest Electro-servo transmission technology, can realize punching, forming, rolling fabrication  
Rexroth inside, high compatibility  
Remote machine supporting  
Energy-saving, average power consumption is 4.5kw/h  
Flexible manufacturing choice  
The following is an introduction to STI-ER300, I hope to help you better understand it.

## STI-T30

Energy-saving 2KWH  
More Turret Options (16/24/32)  
DARDONTECH Controlling System  
280HPM within pitch 30mm  
30 Tons

The following is an introduction to STI-T30, I hope to help you better understand it.

## STI-ES300

Direct-drive servo transmission technology, can realize punching, forming, rolling fabrication  
High Speed & high compatibility  
Energy-saving, average power consumption is 4.5kw/h  
Mechanical transmission and electrical, pneumatic component are imported brands  
The following is an introduction to STI-ES300, I hope to help you better understand it.

# Compny Profile

## short view

SMART TECH INDUSTRY is a leading provider specializing in industrial solutions, offering a wide range of cutting-edge offerings in machine tools, metal processing, sheet metal fabrication, CAD/CAM software, and other advanced industrial equipment.

Our mission is to deliver high-quality turnkey technological solutions, with a focus on precise process selection, technological innovation, equipment reliability, and top-notch pre- and post-sales customer service.
